Diploma in Hardware & Networking
Jetking, Dharamshala

CURRICULUM VITAE

WAZID HUSSAIN

WordPress & WooCommerce Developer

WordPress developer with 8+ years of professional experience building, customising and maintaining WordPress websites and WooCommerce stores. I work at the development level — custom PHP functionality, WooCommerce extensions, payment gateway integrations and advanced Elementor builds — and focus on solving the actual business problem rather than adding another plugin. A background in hardware and networking gives me a practical, troubleshooting-first approach.

EXPERIENCE

Freelance WordPress Developer — 2020 – Present

Self-employed · Remote, clients worldwide

- Build and customise WordPress websites and WooCommerce stores for clients in different industries.
- Integrate payment gateways into WooCommerce, including checkout flow, currencies and order handling.
- Develop custom PHP functionality, plugin extensions and Elementor layouts beyond standard widgets.
- Diagnose and fix existing sites — plugin conflicts, checkout problems and performance issues — without unnecessary rebuilds.

WordPress Developer — 2018 – 2020

Amakein Technologies · Dharamshala

- Developed and customised WordPress websites for the company's clients.
- Theme customisation, page building and WooCommerce store setup.
- Handled site updates, maintenance and client change requests.

Service Engineer — 2013 – 2015

ANG

- Installed, configured and maintained computer hardware and networks.
- Diagnosed and resolved hardware, software and connectivity issues for customers.

WHAT I DO

- Custom WordPress development
- WooCommerce development & customisation
- Payment gateway integration
- Elementor development
- Custom PHP & plugin extensions
- Fixes, maintenance & speed optimisation
